DIVISION OF
OIL GAS & MINING

Mr. Don Ostler, Director
State of Utah
Division of Water Quality
Department of Environmental Quality
Salt Lake City, Utah 84114-4870

Dear Mr. Ostler:

RE: NPDES PERMIT UT-0023540

In accordance with conditions of NPDES Discharge Permit UT-0023540, Part II - I-3 and Utah Coal Mining Rules R645-301-731.223, Utah Fuel Company is herewith providing the required written notification of a failure to comply with the maximum effluent limitations for TDS and oil and grease at the 001 discharge point.

The problem occurred with the sample taken April 27, 1993, which had a TDS concentration of 1053 mg/l. This concentration exceeds the 1000 mg/l maximum limitation for TDS established in the current NPDES discharge permit. The oil and grease concentration was 14.4 mg/l which exceeds the daily maximum limitation of 10 mg/l. The laboratory report was received on May 5, 1993.

Sincerely,

Keith W. Welch
Environmental Coordinator
